## Edexcel A2 Chemistry

## **How BioChem Tuition prepares their students for 6CH06: Chemistry Laboratory Skills II?**

### **The Qualitative, Quantitative and Evaluative Task – [10 hours]**

BioChem Tuition will revise the A2 Chemistry theory that is likely to appear in the qualitative, quantitative and quantitative tasks. This will be followed by practice of wide range of skills required to successfully complete the tasks. Although Edexcel does not release the 6CH06 practical tasks externally, BioChem Tuition has prepared past exam papers covering range of A2 topics. Practice of these papers along with 6CH06 style papers helps student attain high grade in this unit. These papers will help identify the likely questions in the exam. Learning every possible question type and applying the right knowledge forms the key to attain high marks. BioChem Tuition can also help students with any specific task that they are undertaking in school. Given our interaction with students from various schools, we can provide you with up-to-date information on the knowledge likely to appear in the current practical tasks.

#### Key features:

- ✓ Detailed notes on 6CH06 – Qualitative, Quantitative and Evaluative.
- ✓ Revision of material contained in Teacher's A2 practical guide and student's user guide on A2 internal assessments.
- ✓ Practice of 9 X 6CH03 style past exam papers.
- ✓ Practice of 13 past exam papers covering range of A2 topics relevant to 6CH06.
- ✓ Help with latest 6CH06 practical tasks.
