How BioChem Tuition prepares their students for 6CH03: Chemistry Laboratory Skills 1?

The Qualitative, Quantitative and Evaluative Task – [10 hours]

BioChem Tuition will revise the AS Chemistry theory that is likely to appear in the qualitative, quantitative and quantitative tasks. This will be followed by practice of wide range of skills required to successfully complete the tasks. Although Edexcel does not release the 6CH03 practical tasks externally, BioChem Tuition has prepared past exam papers covering range of AS topics. Practice of these papers along with 6CH03 style papers helps student attain high grade in this unit. These papers will help identify the likely questions in the exam. Learning every possible question type and applying the right knowledge forms the key to attain high marks. BioChem Tuition can also help students with any specific task that they are undertaking in school. Given our interaction with students from various schools, we can provide you with up-to-date information on the knowledge likely to appear in the current practical tasks.

Key features:

- ✓ Detailed notes on 6CH03 – Qualitative, Quantitative and Evaluative.
- ✓ Revision of material contained in Teacher's AS practical guide and student's user guide on AS internal assessments.
- ✓ Practice of nine 6CH03 style past exam papers.
- ✓ Practice of 13 past exam papers covering range of AS topics relevant to 6CH03.
- ✓ Help with latest 6CH03 practical tasks.
